Hole	Par	Yards	Legend
1	4	305	The first hole plays along Moberly Road. It is straight away with two huge sand traps guarding the entrance into the green. Good starting hole.
2	3	101	The hole is over water. The green is generous and well-mounded.
3	4	308	Mounds on either side of the fairway assists balls in rolling back into the fairway for play. Two sand traps protect the front of the green.
4	3	93	With a small green with a sand trap on the left side, and out-of-bounds over the green and to the right, this hole requires a good shot.
5	4	264	The green can be driven by a nice tee shot. Traps protect the green on each side. A Risk- Reward Hole.
6	3	98	Fairly easy hole if you don't go long. The green is flat with a sand trap guarding the right front.
7	4	258	Another drivable Par 4. A back left pin position makes this hole more difficult to play.
8	3	89	This hole is over water with a big pecan tree in the backdrop. The green is very difficult to putt—precision with the tee shot is crucial here.
9	4	263	The first dogleg hole is the last hole. The green is shielded by several 70-ft tall maple trees, so cutting the corner or driving the green is risky. A good finishing hole.
